

Menu on top with : LIVE / VOUS / VOD/ GRILLE TV / PLUS

AFTER 3 times : possibility to note the app

APK push on iphone and android

Page 1 : LIVE

1 - Player of a stream :

```
<iframe frameborder="0" width="480" height="270" src="//www.dailymotion.com/embed/video/x2fxcwq"
allowfullscreen></iframe><br /><a href="http://www.dailymotion.com/video/x2fxcwq_generations-tv-live_music"
target="_blank">Generations TV LIVE</a> <i>par <a href="http://www.dailymotion.com/generationstv"
target="_blank">generationstv</a></i>
```

2 - Down the player : scrolling of a NEWS stream :

STREAM : <http://generations.fr/xml/multi-feeds>

3 - choice of 3 or 4 videos coming from our site (<http://generations.fr/video>) - Tiles scrolling

STREAM : <http://generations.fr/xml/video/clip> (<http://www.dailymotion.com/generationstv> if not possible)

(I think we must have a random that select 5 videos and when a user clic on one of these 5 tiles – the video is playing

4 - Possibility to leave a message on the social medias (FB/TWEETER/G+)

Page 2 : Vous (you in French)

Allows a user to send a video doc to us. You can ether film or send a doc already existing in your phone

First you must connect to send a doc

If the user is not listed, he must register

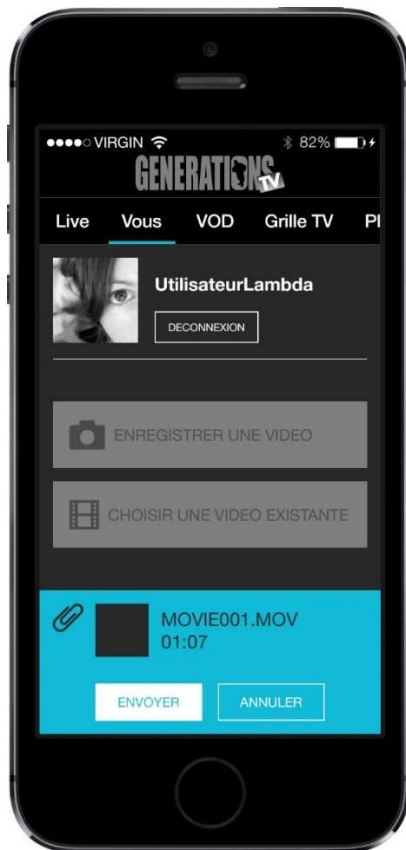

Once registered, he can choose to send an existing video or to film with his mobile

Then we must check if the video is not too heavy and in a good format

If ok the video is sent to a ftp and a mail is send to us to alarm us about this new coming video

STREAM : still in preparation here

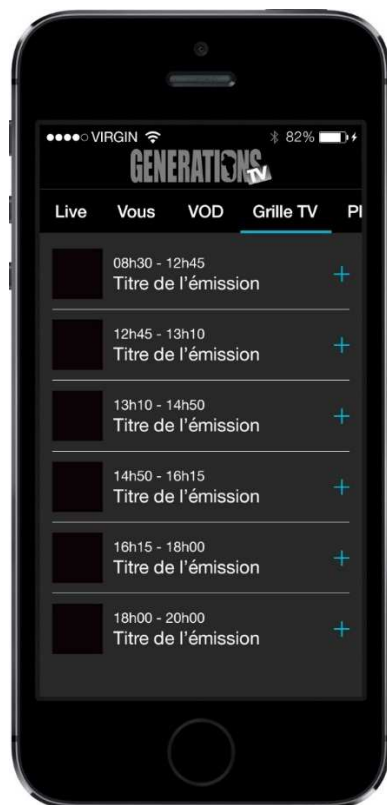

3 GRILLE TV

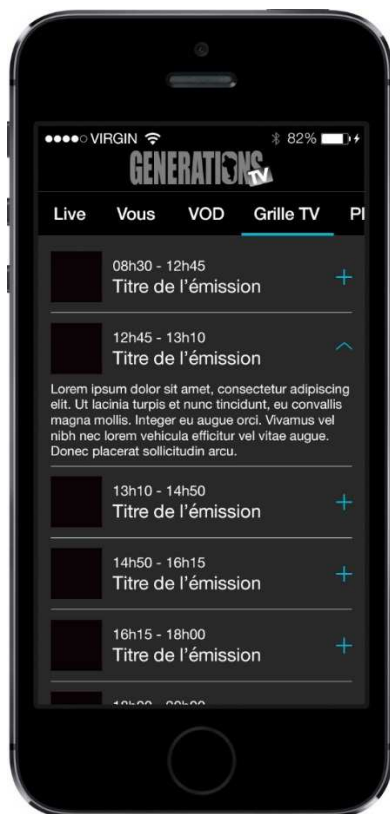

allows to tell the programs of the tv..

at the moment of the journey you check, the program is shown in grey

STREAM : <http://generations.fr/xml/prog-tv>

If you clic on the + then you have a text about the program and if you clic on the program at the moment you also have the name of the artist and title of the clip playing Live (STREAM STILL IN DEV HERE)

This page allows the user to send a mail to us (via the mobile mail app)

Or send a message on the social medias

You can also go to our app generations RADIO to listen to the webradios (if you don't have the app you are directed to the store to download it)
